Summary

I'm a passionate .NET developer with 7+ years of experience in building web applications using ASP.NET MVC, SQL Server. Currently transitioning into AI/ML with a strong interest in data-driven problem solving. I enjoy creating interactive UI experiences and optimizing backend logic. Open to new opportunities in full-stack development and machine learning.

Work Experience

Advanced Software Solutions

Software Engineer

April 2024- Present

- Developing and maintaining enterprise web applications using ASP.NET Core MVC and Entity Framework.
- Collaborating with cross-functional teams to gather requirements and deliver scalable, secure, and high-performance solutions.
- Implementing RESTful APIs and integrating third-party services to enhance system capabilities.
- Actively participating in code reviews, performance optimization, and adherence to SOLID principles and clean code practices.

ITDSC, IT Directorate, Bangladesh Army Headquarters

Software Engineer

January 2020 – March 2024

- Led the design, development, and implementation of reusable and well-documented APIs.
- Designed and optimized relational databases ensuring high performance, data integrity, and security.
- Developed and maintained admin panels for various internal and external web applications.
- Integrated third-party services and tools to enhance application functionality and efficiency.

Nogor Solutions Limited

Software Engineer

February 2017 – December 2019

- Oversaw the full lifecycle of website development projects—from planning and analysis to deployment and maintenance.
- Implemented and upheld best practices in software architecture, code quality, and project management.
- Collaborated closely with design and QA teams to ensure optimal UI/UX and performance standards.

Education

Sylhet International University

BSc. In Computer Science and Engineering

2015 – 2019

Skills

- **Frontend Technologies:** Angular, HTML, CSS, Javascript/Jquery
- **Backend and Frameworks:** .NET Core, ASP.NET MVC, C#, Entity Framework, Dapper
- **Database Technologies:** MS SQL Server
